SPANISH FOR FOREIGNERS PROGRAM

These courses are designed to help students attain a higher level skill development (listening, speaking, reading and writing) and linguistic accuracy. The courses favor a skill-based and communicative approaches in which students gain mastery of the language through the use of authentic materials taken from various sources. The selection of the materials is based on the complexity of the tasks and the students' professional and personal interest.

The teaching techniques are student-centered, with the instructor as the facilitator, and the goal of teaching to make students independent users of Spanish. All class sessions will be conducted exclusively in Spanish.

LEVELS

Intermediate

This course is aimed at students who have completed three or four semesters of Spanish language at the university level. Students at this level should have covered all the basic structures of the Spanish language. The Intermediate course is designed to provide practice mastering expressive skills.

Advanced

This course is aimed at students who have completed five or six semesters of Spanish language at the university level. This course offers an extensive revision of the grammatical topics that cause the most difficulties at this level, such as the contrast between the uses of different tenses in the past for narratives, the use of "ser" and "estar" in descriptions, the difference between "por" and "para" and uses of the subjunctive in opinions and recommendations.

"The Spanish course at Católica was exactly what I needed to expand my Spanish skills and boost my confidence in Spanish conversation. The class is made up of other foreigners who are going through the same experience, and they class evolved into one big group of friends. I had never taken a class where I could apply the material so directly into my everyday life until I took this one."
